

Press Release.

The Mayor of Brantley along with the City Council announced today that the Town of Brantley is in the process of purchasing property to assist Helispec, a Helicopter Repair and Overhaul company, in relocating to more adequate buildings within the Town of Brantley to enable the growth and success of the company in addition to aiding the company in meeting the demand of their customers. This in turn will ultimately benefit the whole of Crenshaw County providing more employment opportunities and revenue for the Town of Brantley.

Helispec came to Brantley in July of 2004 and has been very successful in their quest to provide outstanding customer service to both military and commercial customers. Helispec is a DCMA approved paint facility and has reached several countries including, Australia, New Zealand, Jordan and the Philippines. Helispec has also been awarded many contracts from the US Military and government contractors. Helispec has put Brantley on the aviation map. The Town of Brantley is pleased to have Helispec in the community and look forward to a long rewarding relationship between the company and surrounding communities.
